**ANDREWSGRAPHICS.COM**

My name is Andrew Myers and I have extensive experience in graphic design, both print and web, and used both Mac and PC computer systems. I have worked directly with clients and marketing departments to create and maintain branding and marketing packages including: building websites, designing logos and developing collateral material.

I have overseen the Creative Service Departments and supervised a creative staff to ensure quality of work and branding consistency from print to web. I have lead design teams and enjoy mentoring junior designers.

I have full knowledge of the latest Adobe suite and have many years of experience working with HTML and CSS, along with Flash animation and integrating JavaScript into existing/new websites. I have designed and maintained hundreds company websites.

I have maintained company identity standards through design of internal marketing collateral including advertisements, brochures, fliers, online marketing, package design, concept rendering, trade show booths and related signs and banners. I always maintain a positive relationships with outside vendors, including printers and photographers.

You can download a copy of my resume and see samples of my work at [AndrewsGraphics.com](http://AndrewsGraphics.com).

Thank You for your consideration.  
Andrew Myers.

Yours sincerely,  
Andrew Myers
